

L A M A M A P R E S E N T S
AUTUMN 2022
27 APRIL - 3 JULY

It has been so good for our spaces to be filled with the sounds of artists working and the applause and laughter of audience across the Summer season. The staff once again in situ, rehearsals prolific and life returning to La Mama by day as well as by night - we are alive! And from April 27 we jump straight into [Autumn 2022](#).

The program is fuller than ever with exciting new works by both established and emerging theatre artists, including the Shift Theatre, Tim Wotherspoon and Kirsten Von Bibra, Kevin Summers, Artemis Muñoz, Cathy Hunt, Lloyd Jones and The Ensemble and Adam Cass.

We have two VCE Drama productions: 'Mother Courage and Her Children' directed by Damien Millar and 'Hearth' written by Fleur Murphy.

We welcome back a few shows postponed due to COVID: '#NoExemptions', 'Ken's Quest' and 'Artemis: Utter Mess'.

Our La Mamica program will tickle your multi-art senses through Autumn with music, poetry and cabaret.

La Mama for Kids program is back in full force with a mid-week production for pre-schoolers, a weekend of dynamic circus for the young and young at heart with tactile tours before every show, and a new work made by young artists from Carlton Primary School.

We continue our play readings and welcome some wonderful one-off events including a fundraiser for the Myanmar people filled with poems and writings direct from Myanmar people both in Australia and in Myanmar.

Finally, on May 27, La Mama Mobile is staging a repeat performance of 'Fire in the Head' at Brunswick Neighbourhood House.

We are so very much looking forward to seeing you in one of our beautiful venues this season.
